

TASKI aquamat 45

Medium size bi-directional spray extraction machine

TASKI aquamat 45 brings you:

- Excellent Deep Cleaning Results
- Bi-Directional Movement
- High Productivity
- Ease of Operation

Ease of Operation

The ergonomically designed handle makes it comfortable to operate, even after prolonged use. Optional TASKI accessories can be easily fitted to the quick-connect port.

Maintenance is also very user friendly: The large tank openings allow for quick and thorough cleaning and the brush can be easily removed and mounted.

Excellent Deep Cleaning Results

Deep cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. It increases the lifetime of your carpets by removing engrained dirt whilst maintaining the high appearance levels of your carpet.

Bi-Directional Movement

The TASKI aquamat 45 can be used both forwards and backwards, ensuring maximum flexibility.

High Productivity

The TASKI aquamat 45 is ideally suited for medium sized carpeted areas and corridors. The large tank capacity reduces the number of refilling stops. The powerful suction results in a shorter drying time. In addition to its spray extraction capability, the TASKI aquamat 45 is also equipped with a brush unit. The mechanical action ensures even better and deeper cleaning results.
