

TASKI® swingo 1255

Cable powered automatic scrubber drier for floor cleaning

TASKI swingo 1255 E brings you:

- Unbeatable Cleaning Performance
- Increased Productivity and Manoeuvrability
- Excellent Ergonomics
- Simplicity and easy Maintenance

Performance

The patented brush design follows the floor profile and delivers nearly even pressure allocation along the full working width. This results in excellent soil removal. The V-shaped squeegee allows excellent drying results due to the 3-castor wheel concept. Special squeegee blades and a direct suction design allow pick-up of small debris (e.g. cigarette butts) without clogging.

Productivity and Manoeuvrability

The big tank capacity results in less fill stops and therefore increases productivity. The dual axle system ensures easy handling and allows excellent manoeuvrability in confined areas as well as easy transportation.

Ergonomics

The ergonomic handle suits all operators. All functions

of the machine can be operated from the working position. The dashboard is self explanatory with minimum training needed and displays all required information.

Maintenance

Colour coded maintenance points increase efficiency and reduce the need for training. Fewer parts to maintain and easy accessibility make the machine extremely service friendly.

Technical Data

Theoretical performance	1500 m ² /h
Working width	50 cm
Squeegee width	80 cm
Solution tank (nominal)	75 L
Recovery tank (nominal)	75 L
Nominal consumption	1700 W
Rated voltage	230-240 V / 50 Hz
Machine weight ready for use	155 kg
Dimensions (L x W x H)	1430 x 530 x 1180 mm
Brush system	1 x 50 cm
Brush pressure	tbd
Working speed	3 km/h
Cable length	25 m
Sound level	< 70 dBa
Protection class	I
Approvals	CE/CB Test cert.
