

TASKI swingo 1650

Large battery powered automatic scrubber drier

TASKI swingo 1650 brings you:

- Increased Working Autonomy
- Excellent Result - Immediately Dry Floors
- Simplicity and Ergonomics
- Easy Maintenance

Increased Working Autonomy

A big tank and the highly efficient CSD-system which reduces the water consumption by up to 40% give great water autonomy and allow to clean up to 2500 m² without time consuming tank filling stops. Reduced energy consumption and high capacity batteries allow a runtime of over 4 hours before re-charging.

Excellent Result – Immediately Dry Floors

The brushes perfectly follow the floor profile and therefore deliver ideal soil removal. Thanks to the w-shaped squeegee which delivers a best-in-class drying result the machine can be used at any time of the day, while reducing the potential risk of slip fall accidents caused by wet floors.

Simplicity and Ergonomics

With excellent ergonomics and simple, intuitive controls the machine reduces operator fatigue and training needs to a minimum.

Easy Maintenance

All parts which need frequent cleaning/maintenance are colour coded in yellow and can be removed within seconds. This makes maintaining the machine self-explanatory and easy – which ensures always the best result and extends the machine lifetime.

Technical Data

Theoretical performance (at 4,5 km/h)	2925 m ² /h
Working width	65 cm
Squeegee width	95 cm
Solution tank	85 l
Recovery tank	85 l
Rated voltage	24 V
Nominal consumption	1200 W
Battery capacity (max)	180 Ah /C5
Battery autonomy	over 4 h
Machine weight ready for use (incl. water)	330 kg
Dimensions (L x W x H)	154 x 69 x 118 cm
Door pass through width (w/o squeegee)	70 cm
Brush system	2 x 33 cm
Brush pressure	0.32 N/cm ²
Cleaning speed	4.5 km/h
Max. ramp	2.0 %
Sound level	62 dB(A)
Protection class (with BMS / without BMS)	II / III
Approvals	CE/CB Test cert./ ÖVE

TASKI swingo 1650 BMS

Model	Article number
TASKI swingo 1650 BMS	
TASKI swingo 1650	

Accessories / Additional parts

Description	Article number
Pad drive harpoon grip 33 cm	7515515
Scrubbing brush standard 30 cm	7515516
Scrubbing brush washed concrete 33 cm	7515517
Scrubbing brush abrasive 33 cm	7515518
TASKI contact pad 33 cm	7516124
TASKI 3M pad 33 cm White/Red/Blue/Brown/Black	Please refer to price list
TASKI 3M pad 33 cm Purple (Diamond Pad)	7516123
Filling hose with universal coupling	8502830
Optional wheels: Polyurethane brown & Polyurethane green (supergrip)	Option

Description of Features

BMS - Battery Management System: The battery charger is integrated in the machine. A monitoring system prevents deep discharging of the battery and controls the charging process.

CSD - Cleaning Solution Dosing: With the patented CSD system exactly the right amount of cleaning solution is dosed onto the floor. The result is no puddles in curves and turns as well as a 30-40% saving in cleaning solution which leads to significantly increased productivity of the machine.
