

TASKI ergodisc 400

High speed single disc machine - for cost efficient high speed cleaning

JohnsonDiversey's TASKI ergodisc brings you:

- Ergonomics
- Safety
- Simplicity
- Versatility

The ergodisc 400 is especially suited for the following tasks:

- Spray cleaning - Buffing.

Ergonomics: better working conditions improve productivity through:

- anatomically formed grip
- adjustable handle bar height
- low vibration level
- low noise level
- soft start characteristics

Safety: creates a safer working environment through:

- hand protection due to closed handle
- high electrical safety due to double insulation
- double safety lock

Simplicity: easy of use results in improved efficiency through ease of:

- training and operation
- attaching accessories, no tools required
- storing and transporting, enabled by a foldable handle and removable weight

Versatility: multi-purpose, cost efficient machine:

- adaptable to many different cleaning tasks
- full range of accessories available

Additional Features

Vacuum unit and suction skirt: The combination of vacuum unit and suction skirt is an ideal solution to prevent dust emission into the air. During spray cleaning, the skirt also acts as a splash protector.

Water tank: The best accessory for wet scrubbing and deep cleaning. The tank fits perfectly onto the machine and has a big opening for easy filling.

Robustness: TASKI ergodisc is an innovative range of single disc machines. The use of hightech materials creates robust, shock absorbing machines with an extended lifetime and low service costs.

All ergodisc machines come with 2 years warranty.
