

TASKI vacumat 12 / 22

Mains powered wet and dry tub vacuum cleaner

TASKI vacumat 12 / 22 bring you:

- Maximum flexibility
- True versatility
- Increased productivity
- Robustness and durability

Robustness and durability

A specially designed mechanical float system with a dual filter guarantees double protection of the motor unit and significantly prolonged service life. The canister which is resistant to shocks and chemicals ensures high durability.

Maximum flexibility

The wet vacuum cleaner can easily be equipped for dry operation by using an easy to attach dry vacuuming kit. This makes the machine truly multi-functional for any type of dry vacuuming on hard and soft floors.

True versatility

Due to a large variety of options the vacuum cleaner can be used for basic cleaning in combination with TASKI single disc machines; spillage cleaning or day to day cleaning. The availability of special accessories allows use for stair cleaning and cleaning of vertical surfaces such as windows or tiles (with TASKI vertica).

Increased productivity

High suction power combined with excellent manoeuvrability and large container capacity increase the efficiency of operation.
