

TASKI vacumat 44T

Mains powered wet tub vacuum cleaner

TASKI vacumat 44T brings you:

- Improved productivity
- Excellent suction performance
- Ergonomic operation
- Robustness and durability

Improved productivity

Medium to large size areas can be cleaned up to 3 times faster compared to conventional wet/dry vacuuming methods. Used together with a TASKI ergodisc for basic cleaning tasks such as stripping or wet scrubbing leads to significant productivity increases. This results in total cost efficiency and convenience for the operator.

Excellent suction performance

The fixomat squeegee ensures efficient water pick up and gives streak free, excellent drying results. For cleaning of spillages, small areas or any other customer specific need the machine can be equipped with a variety of accessories for wet cleaning.

Ergonomic operation

The tilt system and comfortable handle grip on the container makes emptying of the container ergonomic and easy.

The adjustable handle ensures comfort and ergonomY during operation.

Robustness and durability

A specially designed mechanical float system with a dual filter guarantees double protection of the motor unit and significantly prolonged service life. The stainless steel tank which is resistant to alkaline and acidic cleaning solutions combined with the robust steel trolley with rubber wheels ensure high durability.

Technical Data

Container capacity: wet	44 l
Container capacity: dry	44 l
Container volume	70 l
Squeegee width	64 cm
Weight with cable	23 kg
Sound level	67 dB(A)
Nominal consumption	2x950 W
Vacuum	2x22 kPa
Max air flow	2x50 l/s
Dimensions(LxWxH)	830x530x930 mm
Cable length	15 m
Wheels	2
Wheel diameter	200 mm
Castors	2
Castor diameter	75 mm
Protection class	II
Approvals	CENELEC
